14" Or 15" Euromeister™ Chrome Or Silver Wheels

Performance Products® has brand new 14" and 15" chromed wheels in stock and has an offer that is hard to refuse. These are replicas of the standard OE wheel that came on nearly all models from 1972 to 1991. These low offset replica wheels fit 107, 113, 116, 123, and 126 chassis Mercedes® and come with a 2 year warranty. You won't find a better deal on these wheel anywhere. Update your wheels and save. Note: Mounting & balancing not included. 15" wheels do not come with lug bolts or valve stems. See 40-297 lug bolts below.

40-499C	15" Chrome Replica Wheel (8 Hole Design)	189.99 ea.

Core Charge		400.00 ea.

Special Note: These chrome exchange wheels are sold on an exchange basis; your returned core wheel must be the same exact wheel being sold to you. You must pay the core charge up front when purchasing the wheels. For more information, see page 28. Chrome exchange wheels do not come with center caps or lug bolts (re-use your old lug bolts). For center caps and chrome lug bolt covers, see pages 88-90.

Wheels - All Chassis / Models

The World's Finest Chrome Plating

What is triple-plating? First, we cold strip our wheels to a bare alloy. The first plating of copper provides the sealing and bonding base, and then the nickel plating fills and smoothes. Finally, the chrome plate, or top layer, finishes off the process. The wheels are polished on fully automated machinery to a mirror finish. That is triple-plating, and it is the only way to successfully plate wheels. We warranty all of our chrome-plated wheels for a period of one year. Chrome exposed to salt air or road salts is only warranted for six months. This warranty covers defects in plating for flaking and peeling of outside (visible) chrome only. The inside of the wheel is not fully plated and is not subject to this warranty.

Chrome Exchange Wheel Policy:

Upon receipt of our chrome wheels, return your "core" wheels in the same shipping boxes. Returned wheels must be free of physical damage and chrome (paint excluded). The wheels are checked for roundness, trueness and corrosion. Carefully inspect your wheels to avoid a charge-back against unacceptable cores. Return freight will be billed at time of purchase. Simply return your cores in the boxes provided within 14 days. Exchange means 14" for 14", 15" for 15", etc. Return wheels must be original factory Mercedes Benz® in original finish. We do not accept chrome wheels sent back to us as cores.

Lock Em Up!! Don't Forget The Wheel Locks!!

You've got your Mercedes® looking just like you wanted...everyone has their eyes on it...so don't take chances...lock up the wheels. Designed so they can only be removed with a special wrench insert, each set has a different pattern locking pattern. Please note that these Genuine Lug Bolt locks are for Genuine Mercedes® wheels only...always check the length of the lug bolt you are replacing with the length of the new locking bolt to make sure they match in length.

Black Carbon Fiber & Chrome Center Caps

Add some real style to your new wheels or spruce up your stock Mercedes® wheels with this Black Carbon Fiber inlay and chrome star center cap set. The Black Carbon Fiber inlay offers a great contrast to silver or chrome wheels, and the chrome star and circle really make the carbon fiber stand out. These new style center caps will fit any 15" or larger, 1986 and newer factory Mercedes® wheel. Sold in sets of four only.

40-155 Carbon Fiber & Chrome Center Cap Set **79.99 set**

Genuine Tire Valve Stem Covers

These valve stem covers are manufactured of durable ABS chrome plated plastic with a rubber o-ring for a constant seal. Since they are made of ABS, they are suitable for use on all Mercedes® wheels, including wheels with Tire Pressure Monitoring System (TPMS).

99-379 Silver Cover **20.99 set**

99-377 Black Cover **20.99 set**

99-377A AMG Cover **20.99 set**

Tire Pressure Monitoring System

- Safety At The Push Of A Button
- Fully Automatic Tire Pressure Control

Hella now offers a fully-active, radio-controlled system for permanent checking of tire pressure and temperature. The Hella TPMS also features adjustable background color of the display. The look of the display can be matched to the vehicle-specific instrument lighting. For installation of the control system, the sensor valves must be fitted to all four wheels. The ideal time to take the first step into controlled safety is the next time you change tires.

883519 **269.99 kit**

Kleen Wheels

With the Mercedes-Benz® decision to use high-friction, soft brake pads, the dust these pads generate has always been a problem. The solution is Kleen

Wheels. They keep your wheels clean, and at the same time keep your brakes cool, with their "Turbo Vent" design. Set of two. Please state year, model and type of wheel.

MS-1008 (Visit website to select exact the size you need) **37.99 pr.**
